Bob is the Vice President of Properties for Southwest Airlines in Dallas, Texas, and is responsible for acquiring and developing all of Southwest's facilities nationwide. Additionally, he is responsible for representing Southwest to all airport operators and City Governments, and works with them to develop Capital and operating budgets and development programs. Bob has been with Southwest since 1977, and has held positions in the Operating and Finance Departments prior to filling the Properties and Facilities role.

Bob has been responsible for the acquisition, design, and construction of more than 80% of all facilities occupied by Southwest, including all airport space, reservations centers, maintenance hangars, data centers, training centers, headquarters and other facilities. He has also been involved in most of the major airport development projects occurring in the United States since 1984.

Bob is married (for over 25 years) to Gretchen, and has no children. He holds degrees in Finance from Texas Tech University, and a Masters of Theological Studies from Ave Maria University.
